1. APPLICABILITY AND LEGAL INFORMATION

Preamble

newhome.ch AG, Stauffacherstrasse 45, 8004 Zurich (hereinafter referred to as “newhome”), registered in the Commercial Register of the Canton of Zurich, aims to operate and further develop a property platform and the associated services. Important and numerous representatives from the real-estate industry (estate agents, administrators, etc.) have joined forces to further develop the existing portal newhome.ch together with the participating cantonal banks and to make it the leading Swiss property portal. In the long term, the aim is to create a property/residential ecosystem throughout Switzerland.

On the property platform operated by newhome, advertisers can list properties and users can search for these listings. For private users, use of the platform is in principle free of charge.

On newhome.ch, users can access the real-estate services offered by the participating cantonal banks. When registering on “newhome.ch”, users are free to choose which cantonal bank should be responsible for them in this respect. newhome is not responsible for the services subsequently arranged between the users and the respective cantonal banks.

In pursuit of the aforementioned ecosystem, the services of providers from the real-estate industry are also being continuously expanded for the users.

Hierarchy of control systems

The present General Terms and Conditions (GTCs) regulate the fundamental legal relationship between the users and newhome.

These GTCs are supplemented by the separate “Insertion and Usage Policy”. In addition to these GTCs, this policy also specifies the contractual relationship between the users and newhome in respect of the property platform newhome.ch. In the case of a possible contra-

dition, the GTCs shall take precedence over the “Insertion and Usage Policy”.

With regard to data protection, the form containing newhome’s “Privacy Policy” must be observed in addition to these GTCs.

For additional services offered by newhome, which are also available to the users, the additional services offered by newhome are also subject to the separate “Guidelines for Paid Services”, which supplement these GTCs, as well as the “Guidelines for Advertising Orders from Business Customers for the Website and Mobile App”, which are an ancillary component of these GTCs and specified therein. Again, in the event of any inconsistency, these GTCs shall take precedence over the ‘Guidelines for Paid Services’ and the “Guidelines for Advertising Orders from Business Customers for the Website and Mobile App”.

During registration, users are given clear and legally sufficient notice of these GTCs via their end device’s screen. When users submit their declaration of intent (i.e. their acceptance of the GTCs) by clicking the corresponding icons (which is confirmed via the appearance of a check mark), these GTCs become an explicit component of the contract concluded between the respective user and newhome.ch AG.

By visiting the website ‘newhome.ch’, non-registered users are implicitly subject to these GTCs. If an anonymous user concerned refuses to accept these GTC, they are required to exit the website immediately.

6. LINKS TO AND FROM OTHER WEBSITES

newhome does not review the third-party websites that are linked to the newhome.ch platform and is not responsible for the content of these external sites or other websites that are linked to newhome.ch. Such external internet addresses contain information that is created, published, maintained or otherwise made available by organisations and individuals that are legally independent of newhome. newhome is not responsible for the content of these sites, nor does it approve, support or confirm information contained in external sites or linked addresses contained therein.

Third-party websites that are reached via links from property listings on newhome.ch and third-party websites which offer links on newhome.ch operate entirely beyond the influence of newhome. For this reason, newhome.ch AG accepts no responsibility for the accuracy, completeness and legality of the content of such websites, or for any offers or services contained therein. Users connect to these websites at their own risk. Additionally, the placement of links that lead from third-party websites to newhome.ch always requires prior approval by newhome.

Features (so-called plug-ins) from a wide range of providers of social media platforms (such as Facebook) are integrated into newhome.ch. These plug-ins allow users to share content in social networks. If a plug-in appears while browsing the web site (e.g. a "like" button from Facebook), a connection to the servers of that site is automatically established. This enables data to be transmitted from newhome.ch to these third-party providers. If the user is simultaneously logged into the third party's network, the visit may be registered on the website of the user's network account. newhome has no control over this process.

7. COOKIES

Cookies are used to optimise the website newhome.ch and to record the page views. These cookies are completely anonymous and contain no data related to the user's identity.

Cookies are also used to show targeted content and advertising to users based on their interests. Further information on this topic can be found in the form "Privacy Policy".

8. UNLAWFUL CONDUCT

Where newhome identifies unlawful conduct on the part of a user, it is entitled to lock and delete the entire affected account immediately.

9. TERMINATION WITHOUT NOTICE BY NEWHOME

newhome reserves the right to unilaterally terminate the contractual relationship concluded with users at any time at its own discretion and with immediate effect in the event that the newhome.ch platform and/or the services provided by newhome are used/misused by users for purposes other than the contractually agreed purposes.

10 FINAL PROVISIONS

newhome reserves the right to change its online service at any time without notice for any reason (in particular to delete listings), to convert it into another form/transfer it to another partnership or to partially or entirely cease the operation of newhome.ch. The registered users' consent is not required for this, and no such prior information requirement exists. Consequently, users do not have a right to use specific features or to access the service at all.

These GTCs may be changed by newhome at any time. At 'www.newhome.ch', the current version of the GTCs can be viewed. Registered users will be informed accordingly about any such changes to the GTCs. In order to ensure that the new version of the GTCs is valid, an icon must be clicked again by the registered users the next time they log in. Receipt of the new version of the GTCs is expressly confirmed by the check mark that subsequently appears.

In case of any possible ambiguity and/or contradictions between the German, French, Italian and/or English versions of these GTCs, only the German version of these GTCs shall be definitive.

Should any provision of these conditions be wholly or partially invalid and/or ineffective, the validity and/or effectiveness of the remaining provisions or parts thereof shall remain unaffected. The invalid and/or ineffective provisions shall be replaced by new provisions which, in

a legally effective manner, come as close as possible to the meaning and purpose of the invalid and/or ineffective provisions. The same applies to any loopholes.

These GTCs are exclusively subject to Swiss law.

The jurisdiction is governed by the relevant binding legal provisions. To the extent that these provisions are not applicable, the exclusive jurisdiction for all types of proceedings is the headquarters of newhome in Zurich, or newhome shall have the right to prosecute the user in the competent court or authority of their domiciles/head offices or in any other suitable court.
